

CATHOLIC CHARITIES DISASTER RESPONSE

Providing Help, Creating Hope, Serving All

Prepare, Respond, Recover

Understanding that disaster response begins and ends locally forms the foundation for CATHOLIC CHARITIES' disaster response training.

We will be holding a Disaster Case Management training course to prepare participants to be Disaster Case Managers for families and individuals affected by the August 15-16 Flooding Disaster in the St. Joseph County area, in order to help people get back to a new normal as soon as possible.

The course consists of a 2- day session that will certify participants as Disaster Case Managers for this flooding event.

You do NOT have to be Catholic to attend this course, and you do not need prior case management experience.

For further information regarding this Disaster Case Management training, contact:

CATHOLIC CHARITIES DISASTER RESPONSE

INDIANA DISASTER CASE MANAGEMENT TRAINING

CATHOLIC CHARITIES DISASTER RESPONSE

"Providing Help, Creating Hope, Serving All"

Disaster Case Management

- Catholic Charities Disaster Response is recognized nationally as a leader in Disaster Case Management and disaster recovery.
- CCDR DCM training is consistent with relevant standards of practice as outlined by CCUSA and National VOAD.
- CCDR provides training to prepare volunteers, organizations and agencies to assist individuals and families to recover and "adjust to their new normal".
- Only experienced CCDR trainers are authorized to provide CCDR Disaster Case Management Training.
- **CCDR Disaster Case Management Training will...**
- Help you identify and address survivors' unmet recovery needs and empower their strengths.
- Provide you with the skills, knowledge, and tools to link survivors with needed resources for recovery.
- Prepare you for your role in restoring hope, rebuilding lives, and re-establishing homes while serving all, with a focus on those who were most vulnerable even before the disaster.

Who should attend:

All who wish to serve as Disaster Case Managers Helpful Skills

- Strong communication, organizational and interpersonal skills.
- Personable, able to interact well with clients and co-workers.
- Flexible with ability to multi-task in a fast-paced environment.
- Intermediate knowledge of computers and email.
- Reliable transportation to travel to meetings, client homes and worksites as needed.
- Cell Phone with voice mail and text ability for interaction with Supervisor only.
- Bilingual English/Spanish is helpful but not required.
